# the heart

treat your neighbor as yourself

Matthew 22:39

Brown Horse Projects exists to cultivate healing, dignity, and beauty among people in need by sharing the gospel of Jesus and providing hands-on medical care.

Through the grace of God and generous support of many so far this year (January through October)....

**we've raised** over \$99,000

**which covered** 14,650 patient visits at BHP Clinic **and employed** 13 people in Haiti

**we traveled** to meet and treat our Dominican and Haitian neighbors living in the Dominican Republic through mobile medical and arts clinics

**we aim to raise** \$50,000 before the year's end

Celebrating its 5th Anniversary this year, BHP Medical Clinic in north Haiti employs an all-Haitian staff of 13, is open 5 days per week, and treats 2,000 patients each month.

Your support goes directly to help our neighbors.

**\$5** tests 38 patients for bladder infections

**\$10** tests 17 patients for typhoid

**\$25** provides complete medical care for a patient

**\$50** provides 68 women with pregnancy tests

**\$75** tests 85 people for diabetes

**\$100** provides electricity for the clinic for 1 month

**\$250** treats 10 patients

**\$1,000** provides medication for 214 patients

**\$11,000** complete operation of the clinic for a month

# evangelism

hope despite circumstances

BHP Medical Clinic Haiti employs two pastors who share the hope for true health and wholeness found in a relationship with Jesus Christ.

**staff bible study** is held daily before clinic opens

**a morning message** of scripture, hope and truth is shared with patients waiting to be seen

**community bible study** is held monthly, with currently over 60 participants

**street ministry** is done by pastors in order to meet and pray with neighbors in nearby villages

**mission teams** talk with patients outside mobile medical clinics, share daily devotional time with one another, on-ground staff and translators

PROJECTS

# art

changes a crisis mindset

As medical professionals in the clinic heal the physical body, artists, musicians, and evangelists spend time outside the clinic in the streets healing the mind and soul.

The arts have been proven to be one of the greatest antidotes to the negative effects of trauma on the brain, body, and spirit.

**A year-round arts program led by local artists at the clinic is part of our long-term vision.**

To help support this initiative, contact us at [connect@brownhorseprojects.com](mailto:connect@brownhorseprojects.com). To donate to the arts program, please put 'arts program' in the notes with your special projects donation.

# trips

join us on an upcoming trip

We'd love to have you with us on a mission trip to the Dominican Republic in 2025. Applications are available at [brownhorseprojects.com](http://brownhorseprojects.com).

**possible trips spring & summer 2025**

Brown Horse mission trips focus on serving the Dominicans and small communities of Haitian immigrants living in and around Barahona, Dominican Republic.

Email [connect@brownhorseprojects.com](mailto:connect@brownhorseprojects.com) with any questions!

# my neighbor

who is my neighbor?

Luke 10:29

Thank you for joining us in our mission to love our Haitian neighbors who inspire us by their joy and faith despite desperate circumstances!

Haiti is the **poorest nation** in the western hemisphere. Average annual income is **\$518** (\$55,000 in the US).

Only **50%** of the population has access to safe water. And only **25%** of the population has access to adequate sanitation.

Life expectancy in Haiti is 10 years less than the US.

**50%** of children do not attend school.

**1/2** of the population is food insecure.

Haiti has **no elected leaders** and has been without a president since Moise's assassination in 2021.

Haitians living in the Dominican Republic also experience **poverty** and often **persecution**.
